

# GDSC Core Team Selections 2022-23

```
...org == filterByOrg ? study.lead_organization == filterByOrg : true  
...status == filterByStatus ? study.status == filterByStatus : true  
...matchStatus) {  
...  
...function filterStudies(i studies, filterByOrg, filterByStatus) {  
...studies.filter(study  
...}
```

# What is GDSC?

Google Developer Student Clubs (GDSC) are university/college clubs that suit students who love to explore Google developer technologies and build solutions for local businesses and the community.

The core objective of the club is to encourage members to connect with their peers, learn about different technologies and gain new skills by engaging in hands-on sessions, events and interactive workshops– and take their skills to the next level by giving back to the community through interactive solutions.

Find out more at <https://developers.google.com/community/gdsc>

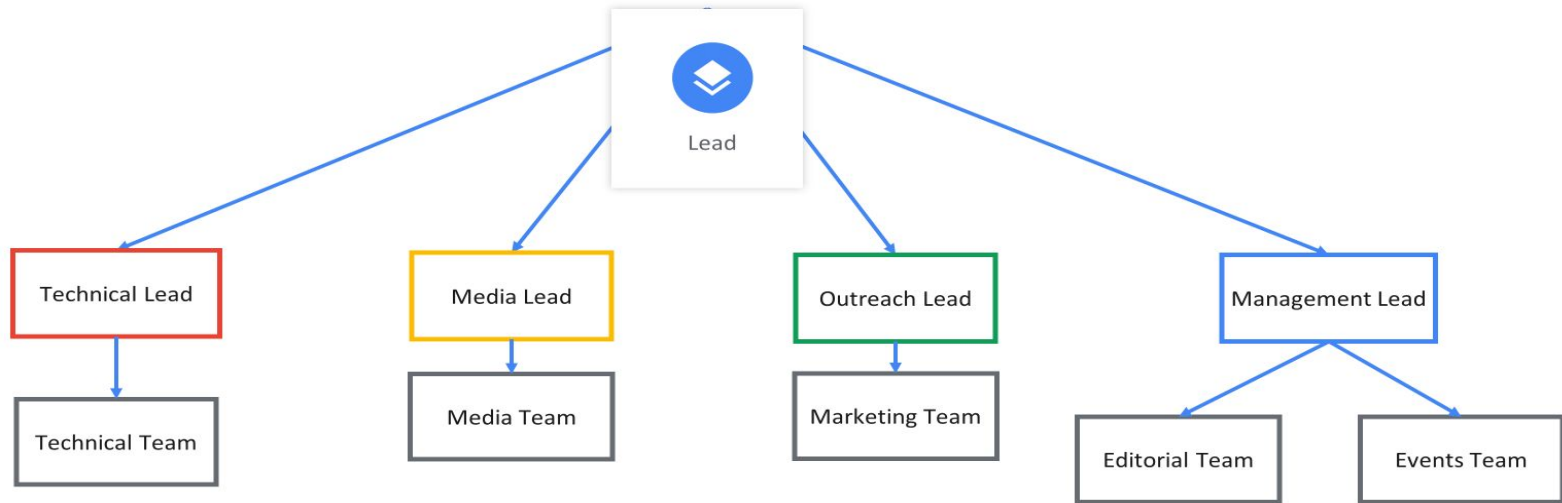

# Purpose of the club

- To plan and host periodical events under the chosen domain—study jams, hands-on workshops, talks and so on.
- To spread awareness on the latest technologies through regular posts on the club's official social media handles
- To work with peers in the community and foster development of solutions to problems in today's tech domain
- To spread knowledge on free and open-source software (FOSS), and encourage members to contribute to open-source projects

# Key takeaways as a member

- Improve technical knowledge
- Develop problem solving capabilities
- Enhance collaboration skills
- Boost your résumé
- Access to exclusive merchandise

# Team structure

\*Number of positions indicated may vary

# Technical Team Positions

- Machine Learning and Artificial Intelligence
- Cloud Computing
- Coding
- Data Sciences
- Internet of Things
- Cyber Security
- Web development
- Android Development
- Open Source

# So, what are the responsibilities of each role?

# Technical Lead

- The central point of contact in the technical team.
- Oversees functioning of the technical team
- Keeps the official plan for the events to be hosted for the academic year.

The **technical team** members are in charge of their respective domains, conducting hands-on workshops and events and encouraging members to boost their knowledge.

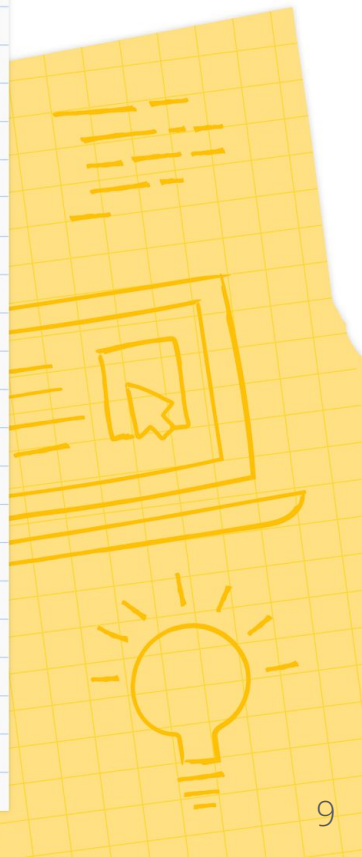

# Management Lead

- Takes up a lead role in planning and organizing events and ensuring the club's regular functioning.

The **editorial team** members curate event reports and outreach content for the club, while the **event management team** handles scheduling and detailed planning for the club's events. Both function under the management lead.

# Outreach Lead

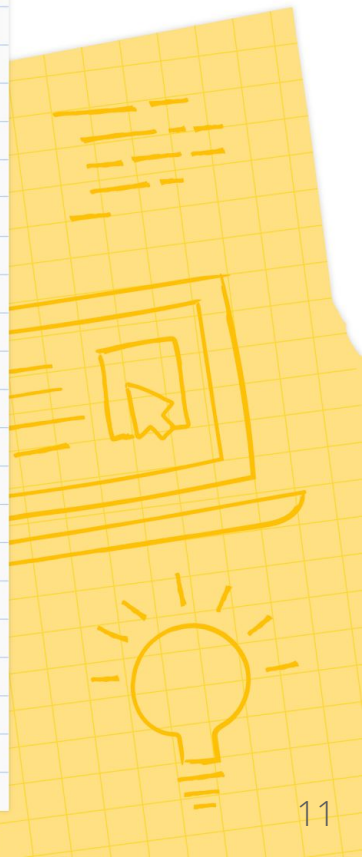

- Ensure the club's maximum outreach by seeing that the club's news and updates reach as many students as possible.
- Take up an external affairs lead role as well, by collaborating with GDSCs of other universities, and handling the budgets for certain events.

The **Marketing Team** functions under the Outreach Lead, promoting the club and its assets through socials and other modes of contact.

# Media Lead

- Handle the design of resources and other media for the events and to ensure club promotion– videos, posters, presentations, and so on, by collaborating with the technical and outreach team.
- Ensure that the content design guidelines laid out by Google are followed.
- Play a role in mentoring the **media team** members as well.

“

**That's all, folks!**

Hop in to <https://dscase.tech> to apply!  
Last date to apply is August 10<sup>th</sup>, 2022.

— Vaidehi Sridhar  
GDSC Lead 2022-23

”

```
function filterStudies({ studies, filterByOrg = false, filterByTopic = false }) {  
  return studies.filter(study => {  
    if (filterByOrg) {  
      return study.organization === 'GDSC';  
    }  
    if (filterByTopic) {  
      return study.topic === 'GDSC';  
    }  
    return true;  
  });  
}
